

CUISINE

By Art Decor

Product Catalogue

Art Decoration International (Pvt) Ltd (South Asia's largest manufacturer and exporter of decorative ceramics to the world) was founded and established by the renowned business figure, Mr. S.H.B. Karunaratne in 1992 in collaboration with German expertise. Today, our wide range of high quality ceramic products are exported to over 52 countries around the world.

At a time when he was flourishing as an exporter, exporting world class ceramic, he was then made a humble request by his dear friends to provide a world class product to the people of his motherland. Upon this request, he then ventured into manufacturing bathware products to the Sri Lankan market under the brand name "OTTO BATHWARE" and today we are Sri Lanka's first SLS certified bathware brand manufacturing a wide range of high quality affordable bathware products to the local market while giving our customers a lifetime warranty for the quality of our ceramics. Today, we have a distribution channel of 500 dealers islandwide which shows how we are fully recognised and appreciated by the Sri Lankan consumers.

Our unstoppable visionary founder went further and decided to give a quality tableware solution which has resulted in our latest venture, "CUISINE by ART DÉCOR", where we manufacture trendy tableware to offer a luxurious dining experience to the world, thereby replacing imported foreign brands being dumped into Sri Lanka with limited selections, which also curtails the outflow of foreign currency.

Today, our dinnerware can be found at homes for everyday family meals and special occasions and also at hotels, restaurants, retail stores and cafes for professional use. We are honoured to state that renowned brands in Sri Lanka like 98 Acres Resort & Spa, Ravana Pool Club, KiriKopi Colombo, Sober Social Colombo, Gandhara, Paradise Road Colombo to name a few, have embraced our serve ware to their reputed organizations as we provide a continuous, consistent, internationally acclaimed and earth conscious product.

Our products are proudly made in Sri Lanka using the finest of raw materials together with state-of-the-art technology at our very own modern manufacturing plant in Bandaragama spanning around 435,000 square feet with a labor force of around 350 employees where we make all our products from start to finish.

Our founder, a true patriotic visionary always loved to bring in much needed foreign currency to our country while curtailing the outflow of foreign currency which resulted in his decision to be the first Sri Lankan to manufacture and export tennis balls together with a renowned Australian partner, for the world market with the IFT quality certification (International Federation of Tennis) which enables us to supply OEM to world famous brands like Dunlop, Wilson, Yonex, Slazenger, Babolat etc.

As usual, his creative thinking to always do something unique and uncommon and to be the first in Sri Lanka in that nature, he has now joined hands with Chinese and American partners to come out with Sri Lanka's first cable car project for the tourists and locals, which will take our country to the next level of tourism.

As a team of the visionary leader we take pride to be in his team and we salute him for his innovative thinking and his dedication in taking Sri Lanka to the world since 1992.

A vision that endures

In my capacity as the Chairman of the group, it is both an honour and a humbling experience to reflect upon our achievements within the ceramic industry, where we have thrived as entrepreneurs, manufacturers, and exporters, all in service to our beloved homeland.

Since its inception in 1992, Art Decoration International Private Limited has made significant strides. We proudly export ceramic vases and ornaments to more than 50 countries globally, contributing to the enrichment of cultures worldwide.

Building on the success of ADI, our pursuit of excellence led us to venture into the bathware industry. The birth of OTTO Bathware was driven by a keen observation of a market void for the availability of high-quality sanitaryware. While recognizing the need in a market saturated with imports from India and China, we embarked on this new endeavour.

Today, OTTO Bathware stands as a cornerstone of our achievements. It has evolved into one of Sri Lanka's foremost sanitaryware manufacturers, offering our compatriots an opulent range of affordable and high-quality sanitaryware solutions.

I consider myself an industrialist with a vision beyond mere profit, reaching into the very fabric of our nation's economy. Through our focus on delivering top-tier export products, we contribute to the inflow of foreign currency, while simultaneously addressing the need for superior local manufacturing, thereby retaining valuable resources within our borders.

This holistic approach, driven by unwavering commitment and a sense of responsibility, remains at the heart of our journey. We are not just business leaders; we are stewards of progress, dedicated to uplifting our country and its people through excellence in craftsmanship and sustainable growth.

S.H.B. KARUNARATNE
